Subject: Microsoft Settlement

Dear Sir/Madam: Please express my comments in favor of settling the Microsoft anti-trust suite. Microsoft(MS) is one hundreds of companies that design develop and market software. The MS operating system has been and continues to be an innovator in PC Operating System technology for the common PC user. Given the complexity of the modern day CPU MS has lead the industry in the providing CPU manufactures direction in the development of new CPU s as well as innovative software technology to enhance its capabilities. One reason for Microsofts O/S large market share is for the high demand for quality performance and easy to use Graphical User Interface(GUI). Sincerely Edward J. O Reilly
